PREFACE

Employment Exchanges in the country play a crucial role in not just notifying jobseekers about vacancies, but also upskilling them through vocational training, and guiding them through career counseling. The Employment Exchanges also present useful Labour Market Information for policy planning and research purposes. The details of educational, vocational, and other qualifications of jobseekers registered with the Employment Exchanges provide an extensive source of data at national as well as local levels for employers and policy makers. While the State Governments compile this data at the District and State level, the Directorate General of Employment (DGE) compiles and publishes the data at the national level.

2. This publication, the 25th in the series, presents annual time series data on various fields of activities of the Employment Exchanges such as registration, placement, live register, submission and so on. Efforts have been made to keep the publication as up-to-date as possible.

3. The publication could not have been possible without the active support and cooperation of the State Governments/Union Territory Administrations. I am grateful to the Directors/Officers- in-charge of Employment of various States/Union Territories and their officials in the employment exchanges for furnishing the requisite information in the prescribed format.

4. I wish to place on record my sincere appreciation for the painstaking efforts by officers and officials of the Statistics Division under the valuable guidance and encouragement of Shri Amit Nirmal, Deputy Director General (Employment) in systematic data collection, compilation, analysis and presentation in a comprehensible manner in the publication.

5. We continuously strive to improve the quality of our publications. Therefore, any suggestions/comments by the users are welcome.

CHAPTER 1

FRAME WORK FOR DATA COLLECTION

1.1 Introduction

National Employment Service in the country functions in the legal framework of Employment Exchange (Compulsory Notification of Vacancies) Act, 1959 through a network of Employment Exchanges located in various parts of the country. The services rendered by the Employment Exchanges include registration and placement, vocational guidance and career counseling and collection of Employment Market Information, etc. National Employment Service covers all the States and Union Territories with a network of 997 Employment Exchanges (*Except Sikkim, as no employment exchange in the State*). Administrative and financial control of Employment Exchanges lies with the respective State/UT Government. As part of their administrative functioning, Employment Exchanges collect data on various aspects of employment and unemployment and supply to the respective State Directorate of Employment and the Directorate General of Employment (DGE). State Government are required to compile this data at the State level, while Directorate General of Employment (DGE) compiles and releases this data at all India level. Directorate General of Employment is responsible for laying down the policies, standards, norms and guidelines for coordination of the National Employment Service at all India level. 1.4 Limitations of Data

Data flowing from the Employment Exchanges suffers from some limitations. These limitations arise out of the fact that the Employment Exchanges are mostly located in urban areas. The jobseekers from the rural areas may find it difficult to register their names with the Employment Exchanges. Further, the registration of applicants with the Employment Exchanges is voluntary in nature. The following limitations of the data may be kept in view while using the information contained in the publication:-

- ❖ The jobseekers registered with the Employment Exchanges may not necessarily be unemployed.
- ❖ In some cases, there may be a chance of duplication of registration.
- ❖ The jobseekers, after getting employment from other sources except Employment Exchanges, don't intimate the Employment Exchanges for deletion of their names from the Live Register.
- ❖ Employers don't always intimate the Employment Exchanges about the selection of candidates even when selection is made from the list supplied by Employment Exchanges.
- ❖ There can be cases when jobseekers could not renew their cards within the stipulated period and by virtue of their non-renewal, their names get deleted from the live register.

1.5 National Career Service Portal

The Ministry of Labour and Employment is implementing National Career Service (NCS) Project as a Mission Mode Project for transformation of the National Employment Service to provide a variety of employment related services like career counseling, vocational guidance, information on skill development courses, apprenticeship, internships etc. Under this project, the NCS Portal (NCSP) has been made functional at the URL (www.ncs.gov.in). The services under NCS are available online and can be accessed directly, through Career Centres, Common Service Centres, post offices, mobile devices, cyber cafes etc. The various stakeholders on the NCS platform include jobseekers, industries, employers, employment exchanges (career centres), training providers, educational institutions and placement organizations.

The NCS Project also envisaged setting up of Model Career Centres (MCCs) to be established in collaboration with States and other institutions to deliver employment services. The Government has approved establishment of 207 Model Career Centres (till 31.12.2021). The Government provides financial assistance to these centres based on the proposals and scheme guidelines. These Model Career Centres can be replicated by the States from their own resources. In addition, the NCS project has a component of interlinking of employment exchanges with NCS portal and provides central funding to States for up-gradation of infrastructures in employment exchanges and organizing Job fairs.

Statistics given in this publication are exclusively received through employment exchanges of State/UTs in the country. The jobseeker's data available on National Career Service Portal (NCSP) is not included in this report. *“For data of jobseekers registered on NCS portal please refer to report section of www.ncs.gov.in”* (https://www.ncs.gov.in/_layouts/15/ncsp/ViewStaticReport.aspx).
